

Mocambo
Tribute to Paolo Conte

Paolo Serazzi & Orchestra Palmizio

*“ The master is in the soul and will remain forever
inside the soul ... ”*

“Mocambo” is a concert that takes us by the hand and leads us into the fabulous world of Paolo Conte and his songs, interpreted with the passion and devotion that are due to a Maestro. Famous songs such as “Bartali”, “Sotto le stelle del jazz”, “Via con me”, “Azzurro”, “Hemingway” are offered to the audience with loving respect for the elegant sound of the Italian songwriter, indeed, the arrangements are deliberately true to the originals.

A refined tribute to the artist who more than any other influenced the musical formation of Paolo Serazzi, musician and composer from Turin. Serazzi, with his formidable Orchestra Palmizio, takes us on this exclusive journey.

A journey full of vivid images and jazz melodies, a tale studded with seductive suggestions that bring us back to distant, enchanted places... Suggestions that made Paolo Conte the most famous Italian chansonnier, highly appreciated all over the world.

The singer Ginger Brew accompanied on stage for many years, with her velvet voice, Paolo Conte himself in all his national and international tours.

A top-level show, where music and poetry meet. A concert in which the audience will get lost in a dreamy atmosphere ...
